Cities - Culture

KITZBÜHEL - THE MOST LEGENDARY SPORTS CITY IN THE ALPS

The Gamsstadt combines tradition and lifestyle like no other town in the mountains. A visit to the town during your stay in the Kitzbühel Alps is well worthwhile.

KUFSTEIN - THE FORTRESS CITY,

The charm and appeal of this city lie in its many invigorating contrasts. Centuries-old culture competes with impressive nature. The centre and landmark of the town is Kufstein Fortress, which towers on a hill above the town. However, it is not just the fortress, but many other historical buildings and monuments that characterise Kufstein's townscape.

RATTENBERG - THE SMALLEST TOWN IN AUSTRIA

As one of the few towns in Europe to have preserved its medieval townscape almost in its entirety, it offers a special flair. Today, a dozen businesses emphasise Rattenberg's reputation as 'the glass town of Tyrol'. The medieval pedestrian zone invites you to stroll, shop and enjoy. In the run-up to Christmas, the authentic Rattenberg Advent is well worth a visit.

SALZBURG - THE WORLD CITY IN SMALL FORMAT

In Salzburg, the 'City of Mozart', everyone will find their favourite place, whether in one of the many museums, in the shops or in the restaurants. The birthplace of Mozart, part of the UNESCO World Heritage Site, is characterised by the harmonious interplay of landscape and architecture, art and culture as well as tradition and modernity in the smallest of spaces. The Hohensalzburg Fortress, the Domquartier and Hellbrunn are particularly worth a visit.

INNSBRUCK - THE SPORTY STATE CAPITAL

The provincial capital of Tyrol boasts magnificent monuments such as the 'Golden Roof', the Hofburg and Ambras Castle. Innsbruck is characterised by a successful mix of monuments and modern architecture. The city is an important sporting centre, having hosted the Winter Olympics twice (1964 and 1976).
